

AE48

LED 15" Acrylic Square Flushmount Fixture

The AE48 fixture is designed to emulate the look and feel of traditional circline fluorescent tube flushmount fixtures, but operate at a significantly lower wattage. Installation is quick and simple when mounting into standard ceiling junction boxes, and may be installed on circuits with standard wall dimmers. Constructed with a durable housing body and LED lifetime rating of at least 50,000 hours, this rugged flushmount is designed for many years of reliable operation.
