

BAE SURFACE MOUNT LED PRISON GRADE

The **BAE** is a maximum security, prison grade, surface mount luminaire. The BAE can be both ceiling or wall-mounted. Engineered with a low-profile clamshell housing, while utilizing inner/outer lenses and tamper resistant fasteners for impact resistance and penetration, and to prevent contraband concealment. The BAE is ideal for correctional and high abuse applications, such as inmate cells, behavioral health facilities, secure corridors and general population areas. Available with knockouts for continuous run.

SECURITY: Like all of our Bastille line, the BAE is designed with security in mind. Since this is a surface mounted fixture, the addition of pick-proof adhesive sealant (supplied by others) to where the unit meets the surface will complete the installation and greatly reduce the chance of ingress.

FASTENERS: Comes standard with stainless steel tamper-resistant T25 TORX® screws. Allenhead screws with center reject pin are available with option AH.

ELECTRICAL SYSTEM: 0-10V 1% Dimming driver included standard. Long-life LED system rated for >100K life hours (L70 @ 25° C). Metal gear tray for internal LED driver. Complies with federal energy efficiency standards.

OPTICAL SYSTEM: Various lensing options available for inner/outer lens. If additional lens options are needed, consult factory. The lens is secured by thru-studs and vertically adjustable internal hold-downs.

LISTINGS: Designed for damp locations, and Wet Location is available as an option (see next page). ETL Listed.

FINISH: High gloss, electrostatically applied, white powder coat finish, average minimum reflectance 92%.

HOUSING: Cold roll or stainless steel body available in various gauges. Designed with continuous welded and ground ends to form a one-piece, seamless, doorless housing which maximizes impact resistance, prevents contraband concealment, and unauthorized fixture penetration. Tamper proof screws allow for maintenance while preventing fixture access or weapon fabrication.

LED: 80 CRI or 90 CRI LEDs available in 2700K, 3000K, 3500K, 4000K and 5000K. Life is >100,000 hours at 70% lumen maintenance.

BACKPLATE: Die-formed backplate creates an irretrievable blade trap that prevents contraband concealment.

WARRANTY: 5-Year Limited Warranty. Complete warranty and terms located at: www.aelnow.com/warranty

ENERGY AND PERFORMANCE DATA

INPUT VOLTAGE:	120/277VAC
SYSTEM INPUT POWER:	27.8 - 173.4 WATTS*
DELIVERED LUMEN OUTPUT:	4000 - 25000 LUMENS
STANDARD DIMMING CONTROL:	0-10V
CCT:	3000, 3500, 4000, 5000 KELVIN
CRI:	82 (MINIMUM)
LIFE TIME RATING:	>100,000 HRS @ L70
INPUT FREQUENCY:	50/60 HZ
POWER FACTOR:	>0.9
OPERATING TEMP:	-30° TO 50° C

APPROXIMATE COLOR TEMPERATURE MULTIPLIER		
5000K	X	1.03
4000K	X	1
3500K	X	.97
