**WARNING:** Before beginning installation, disconnect electrical power at main switch or circuit breaker.

### IMPORTANT SAFEGUARDS

Ensure that the electrical wiring conforms to the National Electrical Code NEC® and local regulations if applicable. Installation and servicing of this equipment should be performed by qualified service personnel only. Do not mount near gas or electric heaters. Equipment should be mounted in locations and at heights where it will not readily be subjected to tampering by unauthorized personnel. The use of accessory equipment not recommended by the manufacturer may cause an unsafe condition. Any modification or use of non-original components will void the warranty and product liability. Do not use this equipment for other than intended use.

Our LHEX is designed to be suspended with an adjustable, cable gripper system that utilizes three stainless aircraft cables.

- Care should be taken in suspended the fixture securely and safely.
- Each of the cable ends incorporate an adjustable cable gripper. A level fixture is achieved thru the adjustments of the cable at each end.
- You have 3 points of attachments, and a 4th lead which is for power... the power lead is NOT TO BE USED AS MEANS OF SUSPENSION.
