Type

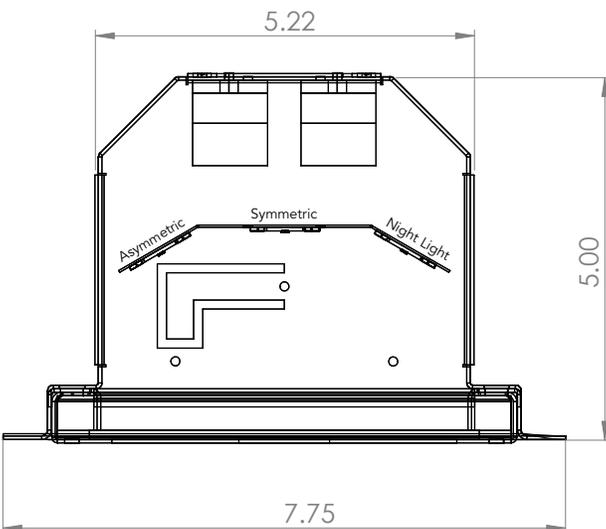

MECC

LED Patient Room / Health Care

STANDARD

OPTIONAL

DESCRIPTION

The fully enclosed MECC offers ambient lighting with asymmetric or symmetric optics. The small aperture MECC is flush to the ceiling line, allowing quick, easy, as well as effective wipe-down. Asymmetric or symmetric optic options provide the ability to accommodate the many necessary activities performed in the patient room. Specify the nightlight as an option for an additional function. Typically positioned over the bed with a symmetric optic, or beside the bed with an asymmetric option. The MECC offers glare and shadow free illumination.

ELECTRICAL SYSTEM

0-10V 1% dimming driver included standard, additional options available. Long-life LED system rated for >100K life hours (L70 @ 25°C). Metal gear tray for internal LED driver. Complies with federal energy efficiency standards.

OPTICAL SYSTEM

0.080" thick frosted acrylic lens.

LISTINGS

UL Listed. NSF = NSF2 listed (Non-Food, Splash Zone). Wet location optional.

MOUNTING

Recessed grid or recessed flanged mounting. Grid includes grid clips, while flanged applications include swing arm brackets. Flanged applications for sheetrock/drywall installation and may be recessed into a ceiling or wall.

HOUSING

20 gauge steel or .063" aluminum housing options available with an electrostatically applied, white powder coat finish. Anti-microbial matte white finish optional.

LED

LEDs available in 2700K, 3000K, 4000K and 5000K with CRI > 82. Projected life is >100,000 hours at 70% lumen maintenance. (90 CRI Available)

WARRANTY

5 - Year Limited Warranty. Complete warranty and terms located at: www.aelnow.com/warranty

DOORFRAME

Inset 18 gauge cold roll steel or .063" aluminum door frame. White TGIC polyester powder coat – 5-stage pre-treatment. Salt spray test: 1,000 hours; Reflectance: 92%. Doorframe secured to housing with stainless steel aircraft cables and captive flush mounted Phillips head stainless steel fasteners. Antimicrobial finish optional on all exposed painted surfaces of installed luminaire.

Output	Delivered Lumens	System Wattage	L70 @20C (hrs)
SL	4650	33	>100K
ML	7974	57	>100K

* Delivered Lumens shown were tested with 4000K LEDs

Approximate Color Temperature Multiplier	
5000K	1.03
4000K	1
3500K	0.97
3000K	0.94
2700K	0.91

ORDERING INFORMATION

Example: MECC6-G-40-SL-N-N-B20-INS-S-ASYM-M

Custom Lumen Output Example: MECC6-G-40-SL-N-N-B20-INS-S-ASYM-M-3000 for 3000 ambient lumens.
