

CAUTION: THIS PRODUCT MUST BE INSTALLED IN ACCORDANCE WITH THE APPLICABLE INSTALLATION CODE BY A PERSON FAMILIAR WITH THE CONSTRUCTION AND OPERATION OF THE PRODUCT AND THE HAZARDS INVOLVED. SAVE THESE INSTRUCTIONS!

⚠ WARNING: Before beginning installation, disconnect electrical power at main switch or circuit breaker.

IMPORTANT SAFEGUARDS

Ensure that the electrical wiring conforms to the National Electrical Code NEC® and local regulations if applicable. Installation and servicing of this equipment should be performed by qualified service personnel only. Do not mount near gas or electric heaters. Equipment should be mounted in locations and at heights where it will not readily be subjected to tampering by unauthorized personnel. The use of accessory equipment not recommended by the manufacturer may cause an unsafe condition. Any modification or use of non-original components will void the warranty and product liability. Do not use this equipment for other than intended use.

Each section will interlock with the next section

Once two pieces are interlocked, secure with fasteners provided

With three sections connected, connect crossbar(s), and then secure housing to your surface (fasteners provided by others)

Slide fixture into housing and interlock last remaining section and complete necessary wiring

With last section interlocked, the installation is completed.
